Also, the Mill Creek property and Duck River ore bank in Hickman county, Tennessee. The Mill Creek sites, of which there are five or six, present the best water powers for the sire of the stream that can be found in any country. Lastly, my Williamson Farm, on which I now reside, and which for beauty and fertility is second to none. The house is large and airy, and the out-buildings of the best description. It is intersected by the Southern Railroad, and also by the Nashville and Franklin Turnpike. It is 11 miles from Nashville and 7 from Franklin. It is a "meadow tarm," watered by Little Harpeth, and the best evidence of its quality is the bay produced on it this year, which all who have seen it, pronounce it the best they have ever seen. It is altogether one of the most desirable tarms for beauty and profit that is in the South-west. It contains about 560 and profit that is in the South-west. It contains about 56
